Topsiders may be worn by both **ladies and gentlemen on both casual and dress days**. Many students already have these, since the Sperry Topsider has become trendy. However, the same basic shoe may be purchased in other brands such as Timberland, Dockers or Merona (often called boat shoes by these brands). **We realize that there is a veritable rainbow of colors and patterns available for this shoe. Consequently, here are the parameters:**

1. NCS approved top-siders **must be brown or beige only.**
2. NCS approved top-siders **may be two-toned in brown or beige only.**
3. NCS approved top-siders **may not have patterns such as floral, gold, zebra stripes or cheetah spots on any part of the exterior of the shoe.**
